## CERTIFICATE

### Safety Certificate KUNOS – Natural Oil Sealer No. 244

KUNOS – Natural Oil Sealer No. 244 is made of linseed oil, linseed oil - stand oil - natural resin ester, linseed oil - wood oil - stand oil, highly transparent iron oxide, titan dioxide, natural resin glycerol ester, linseed oil - stand oil, orange oil, Isoaliphates, silicic acid, micronized wax, pine oil, rosemary oil, drying agents free of lead.

The components are biodegradable and/or recyclable. Isoaliphates and orange oil are used as solvents. Isoaliphates have no sensitizing effects. They are used in the production of cosmetics and for the cleaning of food. Orange oil is used only in food grade quality.

KUNOS is certified according to DIN 53160 for colour fastness when exposed to perspiration and saliva.

KUNOS is tested according to DIN 68 861, Part 1 for application on furniture surfaces.

KUNOS is recognised as safe for applying on articles coming in contact with food according to the German regulations (§ 3 Abs. 1 des Lebensmittel- und Bedarfsgegenständegesetz vom 15.08.1974).

KUNOS is neither hazardous to the human health nor a risk to the environment according to the German regulations for chemicals ( Artikel 3, Absatz 1 der VO (EG) Nr. 1935/2004 über Materialien und Gegenstände, die mit Lebensmitteln in Berührung kommen im Sinne des LFBG vom 01.09.2005, §2, Abs. 6, and Zubereitungsrichtlie RL – 1999 – 45 EG3a Abs. 1, Nr. 6-15 und § 3 Abs. 2 des Chemikaliengesetz).
